

LH-919A

- Ceiling mounted
- Metal shield with electromagnetism immunity
- Pulse count optional
- 360°Viewing
- Detecting range optional
- Auto Temperature Compensation ,reducing false alarm
- LED ON&OFF Optional

Technical Parameters:

- Operating Voltage: DC 9-16V
- Supply Current:≤25mA DC 12V
- Working Temperature : -10°C to +50°C
- Installation Method: ceiling mounted
- Installation Height: 2.5-6m
- Detecting Angle: 360°
- Detecting Range: 6-8m (installation height:3.6m)
- Alarm Output: Normal Close/ Normal Open
- Anti Tamper Switch: Normal Close
- Size : 125*43.5mm
